## Ruth Vija Korns

### Education

Bachelor of Environmental Studies, University of Manitoba, 1975;  
Master of Environmental Design - Architecture, U of C, 1982;  
Bachelor of Fine Arts, with Distinction, University of Calgary, 1991;

### Profile

Ruth Korns has been with BCW Architects since 1986 in the capacity of Design and Project Architect. Her extensive background and experience in the building industry includes:

- Design build projects for commercial and industrial clients.
- Three dimensional and graphic design: her projects are characterized by their strong attention to image and style.
- Building design and space planning for industrial facilities, offices and commercial developments. Ms. Korns exercises a high degree of creativity, innovation and technical competence.
- Sustainable design practices: Ruth is a long term LEED professional. Having achieved her designation in 2004, she uses principles of sustainable design in all of her projects
